

Estconde-E

Austatud külaline!

Kaubamärk Estconde on tuntust kogunud alates aastast 1992, seega ollakse ühed kogenumad Eesti ehitusfirmade hulgas.

Möödunud aja jooksul on lisaks ehitusteenuse osutamisele jõutud arendusprojektidena luua mitmeid väarikaid hooneid, tuntumad neist on vast City Plaza büroohoone ja De La Gardie kaubamaja Tallinnas.

Viimastel aastatel on ehitusfirma realiseerimise netokäive püsinud veidi üle 400 miljoni krooni.

Eesmärgiks pole saada kõige suuremaks ehitusfirmaks. Eesmärk on olla kvaliteediliidrite hulgas.

Ehitajana omab firma rohkem kui 10 aastast kogemust Vene ehitusturul ning ka praegu tehakse oluline osa aastakäibest idapiiri taga. Uueks väljakutseks on Läti - Riias tegutseb tütarfirma ECD Latvia.

Täname kõiki oma kliente ja koostööpartnereid – ilma Teieta ei saaks meil edu olla!

Ka täna oleme avatud kõigile asjalikele koostööpakkumistele!

Estconde-E

Dear guest!

The Estconde brand has gained reputation since 1992, thus it belongs among the most experienced Estonian construction companies.

Besides providing construction services, several dignified buildings have been created as development projects in the past, perhaps the most famous ones of them are the City Plaza office building and the De la Gardie department store in Tallinn.

During the recent years, the net turnover of the company sale has remained a little over 400 million kroons. The purpose is not to become the largest construction company, but rather to remain among the quality leaders.

The company has more than 10 years of experience as a builder in the Russian construction market, and now a significant part of the annual turnover also comes behind the Eastern border. Latvia is the new challenge – the subsidiary ECD Latvia operates in Riga.

We wish to thank all our clients and co-operation partners – without you we could not be successful! Also today we are open to all rational co-operation offers!
